**Please read below about the new Temporary Instructional Permit required by the OMV.**

The Louisiana Office of Motor Vehicles (OMV) will implement the Temporary Instructional Permit (TIP) effective **September 4, 2018**.

A TIP is a class "E" credential that will indicate "Temporary Instructional Permit" in the header. All students enrolled in a driver education or pre-licensing course on or after the effective date must present a TIP. Every student must pick up a verification of enrollment form from the Guidance Office *prior* to going to DMV for TIP. In addition, the student must have the TIP in their possession when operating a motor vehicle during the 'behind the wheel' portion of the instruction and when accompanied by a licensed driver education instructor or during the administration of a road skills test.

A copy of the TIP must be maintained in the student's file. The issue date of the TIP, enrollment date and instruction date will all be verified for compliance.

As all Office of Motor Vehicles identification requirements apply to the TIP, it will no longer be necessary to maintain copies of birth certificates, social security cards, etc. This will only be necessary if there is not a clear connection of the domiciliary parent to the student.

Upon completion of driver's education, the TIP will be surrendered to OMV along with proof of completion of the appropriate driver's education course and any other necessary documents. There is no additional cost to convert from the TIP to a Learner's Permit for a minor.

Additional information is found in Act 317 of the 2016 regular legislative session. *If there are any additional questions, please contact the Training and Certification Unit at (225) 925-1795.*
