

## Grade Level Fee 2022-23

As a way to offset some of the financial obligations that are required during your son's August Student Orientation, Brother Martin would like to give you the opportunity to pay your son's Grade Level Fee (*see details below*) during the month of July 2021. This payment can be paid online only and will be posted to your son's Orientation account, and therefore the remaining number of course-specific fees that you normally owe in August will be less. The opportunity to pay online will only take place from **July 1, 2022 - July 31, 2022**.

If you choose to pay the Grade Level Fee online during July, and you have more than one son who attends Brother Martin, then you must complete a separate online transaction for each student.

If you choose not to pay these fees online during the month of July, and you'd like to pay all of your fees in August including the Grade Level Fee, then you can pay all of the fees on your son's Student Orientation day in August.
